External Email Warning: Do not click on any attachment or links/URL in this email unless the sender is reliable.

Hi Jayne,

My name is Paige Pearson and I will be able to assist CoA reviews on behalf of the NPCA while Meghan Birbeck is on Maternity Leave.

The NPCA has reviewed the CoA Applications and can offer the following comments:

1. 4 & 6 Hagey Avenue: Consent (B47/24) & Minor Variance (A72/24, A73/24)

The NPCA has reviewed the Application for Consent and Minor Variance. Based on the NPCA Mapping, there are no regulated areas present as such, the NPCA has no objection to the provided applications.

2. 277 & 281 Central Avenue: Consent (B45/24) & Minor Variance (A69/24)

The NPCA has reviewed the Application for Consent and Minor Variance. Based on the NPCA Mapping, there are no regulated areas present as such, the NPCA has no objection to the provided applications.

3. 285 Elmwood Avenue: Minor Variance (A78/24)

The NPCA has reviewed the Minor Variance Application and the subject property. Based on the NPCA Mapping, there are no regulated areas present as such, the NPCA has no objection.

4. 2034 Jewson Road: Minor Variance (A75/24)

The NPCA has reviewed the Minor Variance Application and the proposed works on the subject property. Based on the NPCA Mapping, there are no regulated areas present as such, the NPCA has no objection.

Please be advised that the north portion of the property line is impacted by potential unevaluated wetlands as such, if future proposed works do encroach within this area, the NPCA will require review, approval, and possible work permits.

5. 3666 Crystal Beach Drive : Minor Variance (A70/24)

The NPCA has reviewed the Minor Variance Application and the subject property. Based on the NPCA Mapping, there are no regulated areas present as such, the NPCA has no objection.

6. 3914 Alexandra Road: Minor Variance (A74/24)

The NPCA has reviewed the Minor Variance Application and the subject property. Based on the NPCA Mapping, there are no regulated areas present as such, the NPCA has no objection.

7. 3964 Alexandra Road: Minor Variance (A76/24)

The NPCA has reviewed the Minor Variance Application and the subject property. Based on the NPCA Mapping, there are no regulated areas present as such, the NPCA has no objection.

8. 4062 Glenspring Road: Minor Variance (A77/24)

The NPCA has reviewed the Minor Variance Application and the subject property. Based on the NPCA Mapping, there are no regulated areas present as such, the NPCA has no objection.

9. 4924 Sherkston Road: Minor Variance (B48/24)

The NPCA has reviewed the Consent Application and the subject property. Based on the NPCA Mapping, the area of proposed lot creation/severance is outside of our regulated areas. As such, the NPCA has no objections.

Please be advised that the northern parcel along the north property line and along the west boundary line is impacted by Regulated Areas. In the case that future works are proposed within any NPCA Regulated Area, the NPCA would require to review and approval works and issue work permits prior to the start of development.

Thank you,

Paige Pearson (She/Her)

Interoffice Memorandum

File No.: A76-24
Date: November 12, 2024

To: Devon Morton, Supervisor of Development Approvals
From: Taylor Boyle, Project Manager, Development Engineering
RE: PDS Engineering Comments for Committee of Adjustment
Address: 3964 Alexandra Road

MUNICIPAL SERVICES

	Alexandra Road
Watermain:	150mm dia. PVC (TOFE)
Sanitary Sewer:	200mm dia. PE (TOFE)
Storm Sewer:	300mm dia. CP (TOFE)

ROADS

Alexandra Road is designated as a Local Road as per the Town's current Official Plan, with a designated right-of-way width of 20m. At this time Town Staff will not require a widening.

Town of Fort Erie Development Engineering Staff have reviewed the above noted application and supporting documentation to address the technical concerns regarding the submitted minor variance application.

The purpose and effect of this application is to reduce the Minimum Lot Frontage and Minimum Lot Area. No other development is proposed at this time.

The Applicant is requesting the following variances to Section 12B.3 of the Town of Fort Erie Comprehensive Zoning By-law No. 129-1990, as amended:

- To permit a Minimum Lot Frontage of 10.6 metres whereas 15.0 metres is required; and
- To permit a Minimum Lot Area of 314 square metres whereas 510 square metres is required.

Development Engineering Staff offer the following comments:

1. Development Engineering staff have no comments for this minor variance application.

Development Engineering Staff offer the following conditions:

1. Development Engineering staff have no conditions for this minor variance application.

Re: Committee of adjustment Applications for November 21, 2024 Hearing

From Zachary George <ZGeorge@forterrie.ca>

Date Wed 11/13/2024 2:02 PM

To Jayne Nahachewsky <JNahachewsky@forterrie.ca>

Hello,

My apologies for being a day late, Jessica was reviewing my comments.

4 & 6 Hagey Avenue

The subject property is located within the Town's Urban Boundary but not in the Natural Heritage system. There are no Natural Heritage features present. The lands are subject to the Town's tree By-law 33-2024. If any trees are proposed to be removed from the lands, the subsequent removal application must be accompanied by a Tree Protection Plan, an Arborist report (ISA Certified Arborist or per the Town's definition in the By-law) and a Landscape Plan (OALA in good standing).

In the event that the applicant wishes to build on the site and is required to remove trees to do so, Table B1 in By-law 33-2024 will apply and compensation will be required at the development ratio for replacement trees/cash in lieu.

277 and 281 Central Ave

The subject property is located within the Town's Urban Boundary but not in the Natural Heritage system. There are no Natural Heritage features present. The lands are subject to the Town's tree By-law 33-2024. If any trees are proposed to be removed from the lands, the subsequent removal application must be accompanied by a Tree Protection Plan, an Arborist report (ISA Certified Arborist or per the Town's definition in the By-law) and a Landscape Plan (OALA in good standing).

285 Elmwood

The subject property is located within the Town's Urban Boundary but not in the Natural Heritage system. There are no Natural Heritage features present. The lands are subject to the Town's tree By-law 33-2024. If any trees are proposed to be removed from the lands, the subsequent removal application must be accompanied by a Tree Protection Plan, an Arborist report (ISA Certified Arborist or per the Town's definition in the By-law) and a Landscape Plan (OALA in good standing).

In the event that the applicant wishes to build on the site and is required to remove trees to do so, Table B1 in By-law 33-2024 will apply and compensation will be required at the development ratio for replacement trees/cash in lieu.

2034 Jewson

The subject property is located within the Town's Urban Boundary and Natural Heritage system. There are Natural Heritage features present. There is an "other woodland" directly east of the proposed building, and a non provincially significant wetland bordering the property to the north, beside the existing residence. The lands are subject to the Town's tree By-law 33-2024. If any trees are proposed to be removed from the lands, the subsequent removal application must be accompanied by a Tree Protection Plan, an Arborist report (ISA Certified Arborist or per the Town's definition in the By-law) and a Landscape Plan (OALA in good standing).

Based on the drawing provided by the applicant it appears that the proposed garage does not encroach on any natural heritage features.

3666 Crystal Beach Drive

The subject property is located within the Town's Urban Boundary but not in the Natural Heritage system. There are no Natural Heritage features present. The lands are subject to the Town's tree By-law 33-2024. If any trees are proposed to be removed from the lands, the subsequent removal application must be accompanied by a Tree Protection Plan, an Arborist report (ISA Certified Arborist or per the Town's definition in the By-law) and a Landscape Plan (OALA in good standing).

In the event that the applicant wishes to build on the site and is required to remove trees to do so, Table B1 in By-law 33-2024 will apply and compensation will be required at the development ratio for replacement trees/cash in lieu.

3914 Alexandra

The subject property is located within the Town's Urban Boundary but not in the Natural Heritage system. There are no Natural Heritage features present. The lands are subject to the Town's tree By-law 33-2024. If any trees are proposed to be removed from the lands, the subsequent removal application must be accompanied by a Tree Protection Plan, an Arborist report (ISA Certified Arborist or per the Town's definition in the By-law) and a Landscape Plan (OALA in good standing).

3964 Alexandra

The subject property is located within the Town's Urban Boundary but not in the Natural Heritage system. There are no Natural Heritage features present. The lands are subject to the Town's tree By-law 33-2024. Since it appears that the applicant will be required to remove trees from the lands, the subsequent removal application must be accompanied by a Tree Protection Plan, an Arborist report (ISA Certified Arborist or per the Town's definition in the By-law) and a Landscape Plan (OALA in good standing).

In the event that the applicant wishes to build on the site and is required to remove trees to do so, Table B1 in By-law 33-2024 will apply and compensation will be required at the development ratio for replacement trees/cash in lieu.

4062 Glenspring Road

The subject property is located within the Town's Urban Boundary but not in the Natural Heritage system. There are no Natural Heritage features present. The lands are subject to the Town's tree By-law 33-2024. Since it appears that the applicant will be required to remove trees from the lands, the subsequent removal application must be accompanied by a Tree Protection Plan, an Arborist report (ISA Certified Arborist or per the Town's definition in the By-law) and a Landscape Plan (OALA in good standing).

In the event that the applicant wishes to build on the site and is required to remove trees to do so, Table B1 in By-law 33-2024 will apply and compensation will be required at the development ratio for replacement trees/cash in lieu.

4924 Sherkston

The subject property is not located within the Town's Urban Boundary but is in the Natural Heritage system. There are Natural Heritage features present. There is an "other woodland", and a non provincially significant wetland, and a significant wetland on the north end of the property. The lands are subject to the Town's tree By-law 33-2024. If any trees are proposed to be removed from the lands, the subsequent removal application must be accompanied by a Tree Protection Plan, an Arborist report (ISA Certified Arborist or per the Town's definition in the By-law) and a Landscape Plan (GALA in good standing).

Based on the drawing provided by the applicant it appears that the proposed work does not encroach on any natural heritage features, therefore no Environmental Impact Study is required.

Sincerely,

Zach George

Re: Committee of adjustment Applications for November 21, 2024 Hearing Kathryn Strachan to Jayne Nahachewsky 2024-11-06 09:48 AM
From Kathryn Strachan/FortErie
To Jayne Nahachewsky/FortErie@TownOfFortErie
Hi Jayne,

I have reviewed the COA applications and have no comments.
Kind regards,

Kathryn
